UCSB EAP Reciprocal Exchange Facebook Group

Join the EAP UCSB Reciprocal Exchange Facebook Group

<https://www.facebook.com/groups/395632413827700/>. It's a great place to meet EAP students at UCSB now, as well as other EAP students who will be attending UCSB next year with you.

Perm Number

Your perm number is your UCSB student identification number and you will use it to create your UCSBnetID and activate your Umail account.

You may have already received your perm number by email from the UCSB Office of the Registrar. If you have not received it yet, please check your junk/spam/promotions email folder. If you still cannot find the email, please let me know. Your perm number may not have been assigned yet, but if it has, I can give it to you.

How Do I Create My UCSBnetID and Umail?

Please visit <https://secure.identity.ucsb.edu/manager/> to create your UCSBnetID and activate your Umail account as soon as possible. You should select "A New or Current Student with a Perm Number." Enter your birthdate in the mm/dd/yyyy format and enter 0000 for the last four digits of your Social Security Number (if you do not have one).

If you have any difficulty creating your UCSBnetID or logging in to Umail, please contact the Collaborate Help Desk: <http://www.identity.ucsb.edu/help/>.

Your **UCSBnetID** will be used for nearly all things official at UCSB such as applying for housing, paying bills, enrolling in courses, and setting up a doctor's appointment with Student Health Services.

Umail is UCSB's official email service for students. It is important that you set up your Umail address as soon as possible and check it regularly, as academic departments, advisors, professors, official university announcements, UCSB Housing, and others will all contact you by Umail.

Housing Options Overview

We will send you housing details and instructions in the coming weeks, thank you for your patience. For now, you can learn about the various housing options in this short video:
