Program	Marine Biology & Terrestrial Ecology <i>University of Queensland</i>	International Security <i>Australian National University</i>	Sustainability Studies <i>University of Tasmania</i>
Eligibility Requirements	<ul style="list-style-type: none"> • 2.75 cumulative GPA • Jr or Sr standing at time of departure 	<ul style="list-style-type: none"> • 2.75 cumulative GPA • Jr, Sr or Gr standing at time of departure 	<ul style="list-style-type: none"> • 2.85 cumulative GPA • Jr, Sr or Gr standing at time of departure
City and University	<p>Brisbane: The capital city of the state of Queensland, is located in the tropical northeast on the Pacific. Home to hundreds of nationalities and over 200 languages, Brisbane is one of the most multicultural cities in Australia. It is also its greenest city in the country.</p> <p>The University of Queensland (UQ): Is one of Australia's premier research institutions. Well respected for high-quality research and coursework</p>	<p>Canberra: the capital of Australia, is an urban city located in the Australian Capital Territory. The city is the seat of federal government and home to most embassies and major cultural and governmental institutions. It is clean, full of cultural attractions and eateries, and buzzing with governmental and diplomatic action.</p> <p>Australian National University: Has the feel of a small university town and the campus is renowned for its natural setting and thousands of trees.</p>	<p>Hobart: Located on the island state of Tasmania, home to the world's first green party, is a beautiful place to live and study. The pristine island hosts a variety of nature experiences like hiking, climbing, cWycling, and swimming. The University of Tasmania makes the most of the island's geographic advantages through its research and interdisciplinary courses. Students enjoy exploring the contained socio-ecological system of urban spaces mixed with rivers, mountains, and beaches.</p> <p>The University of Tasmania: In the top 2 percent of world universities and is known for its teaching methods that create a real impact on the environment at a local and global level. A winner of many sustainability awards, the university acts as an international leader in the areas of health, marine, and Antarctic studies, separation sciences, climate, and ecosystems.</p>
Program Features	<p>Field study at the Heron Island Research Station on the Great Barrier Reef and the Moreton Bay Research Station</p> <p>Conduct your own research project and learn how to write-up your results in an academic paper. Gaining fieldwork & research experience</p> <p>Take courses with UC students only</p>	<p>Program will be invaluable to preparation for a career in global security, foreign policy, international intelligence, diplomacy or NGOs.</p> <p>Competitive internship in International Security studies in the Australian capital. Students not successful in securing ANIP internship are required to undertake a student-initiated research project on a topic related to International Security</p>	<p>Interdisciplinary program, suitable for students with a passion for sustainability and the environment. In addition to themed coursework, you will work on a meaningful sustainability project with real-world impact</p>
When	Fall: mid August- late November	Fall: early July - mid November Spring: mid February - late June	Fall: July- mid November Spring: February to late June
Coursework	<p>Marine Biology (13 UC quarter units)</p> <p>Human and Terrestrial Ecology (8 UC quarter units)</p> <p>21 UC quarter Units</p>	<p>1 ANIP internship or student-initiated research project.</p> <p>2 Courses from the ANU International Security Studies list.</p> <p>1 Course from any department at ANU</p> <p>24 UC quarter Units</p>	<p>1 SIPS sustainability internship or research project (6 UC units)</p> <p>2 Courses from the Sustainability Studies list. (12 UC units)</p> <p>1 Course from any department at UTAS. (6 UC units)</p> <p>24 UC quarter Units</p>
