**University of Michigan-Shanghai Jiao Tong University Joint Institute** Established in 2006 to provide international and local students a solid foundation in engineering, this highly-ranked, jointly developed U.S.-Chinese program combines the best approaches and fresh perspectives in today’s engineering education. Students have the opportunity to connect with faculty and students from around the world.

**Fudan University** One of the top universities in China, Fudan University is internationally prominent and considered one of the most comprehensive national universities. Fudan highly values its tradition of training international students over the years, as well as its relationships with some 200 institutions of higher education worldwide.

**CIEE** CIEE was founded in 1947 as a nonprofit, non-governmental organization with the mission “to help people gain the understanding, acquire knowledge, and develop skills for adapting to, influencing, and maintaining a globalized world.”
