I learned a lot about public health, I strengthened my critical thinking outside of the STEM field and created innovative ways to approach public health issues with like-minded individuals. This program further strengthened my passion for public health and my interest in a Masters in Public Health. I hope to use my experiences from this summer program to address the issues around health and inequality in marginalized communities in the United States." - Gezan Y., UCSB EAP Thailand - Public Health

“I have learned a lot about software engineering, especially web design and front-end development. This is something that I would not learn at school. This internship helped me apply the knowledge that I learned from my classes in real life. Another big impact this internship had on me is that I really learned to associate technology with business. Therefore, I improved a lot on justifying my engineering work as something applicable in the business world.” - Rain W., UCSB EAP Singapore, Variantz Internship

The Freeman Foundation was founded in memory of Mansfield Freeman, co-founder of the American International Group, Inc. (AIG) insurance company. Having resided in China for many years, the Freeman family is an advocate for increased awareness of East Asia, and through the foundation, it generously supports programs that promote greater knowledge and understanding of that region of the world among Americans.

**ACADEMIC INTERNSHIP REQUIREMENTS**

1. UCEAP academic internship credit is required. The internship credits may replace a course(s) or be in addition to the minimum required units.
2. There will be an academic component (individual study project) related to your internship.
3. You will meet with your internship supervisor regularly to discuss your performance and what you are learning academically.
4. You will turn in a paper, series of reports, or other documentation describing the work you performed and analyzing what you learned.
5. Programs may have additional requirements.

**STUDENT VOICES**

“I learned a lot about public health, I strengthened my critical thinking outside of the STEM field and created innovative ways to approach public health issues with like-minded individuals. This program further strengthened my passion for public health and my interest in a Masters in Public Health. I hope to use my experiences from this summer program to address the issues around health and inequality in marginalized communities in the United States.” - Gezan Y., UCSB EAP Thailand - Public Health

**Scholarships for Programs in**
**China, Hong Kong, Japan, Korea, Singapore, Taiwan, & Thailand**

Receive $3,000-$7,000 to intern for UC academic credit!
**WHY BECOME A FREEMAN INTERN?**

Enhance your UCEAP experience by pursuing an internship! Employers look favorably upon students who have studied and interned abroad! Gain the professional characteristics that they’re looking for: cross-cultural skills, ability to succeed in a global workforce, and adaptability, especially since work culture and styles are often different overseas. Best of all, gain practical, hands-on experience that you can include on your résumé.

**APPLICATION TIMELINE**

To be considered for the UCSB EAP Freeman Foundation Internship Scholarship:

1. Submit your UCSB EAP China, Hong Kong, Japan, Korea, Singapore, Taiwan or Thailand application for a Freeman-eligible program (see list on far right page) by the program-specific deadline.

2. Print and complete the UCSB EAP Freeman Foundation Internship application from the UCSB EAP website: eap.ucsb.edu/getting-started/internships/freeman-internships. Submit it by the deadline:
   - Summer/Fall/Year 2020-21 Programs: **February 7, 2020**
   - Spring 2020 Programs: **May 8, 2020**
   *Note: A letter of recommendation on official letterhead from a college professor, college instructor, TA, recent employer, or internship supervisor is required.

3. Attend an interview, if required for your program (see list on far right page):
   - Summer/Fall/Year 2020-21 Programs: late February 2020
   - Spring 2021 Programs: late May 2020

4. Receive notification of your selection status:
   - Summer/Fall/Year 2020-21 Programs: mid-March 2020
   - Spring 2021 Programs: early June 2020

**REQUIREMENTS**

Students must participate in an eligible UCEAP program and meet the program’s minimum eligibility requirements, including GPA.

Students who are nationals of the host country are not eligible to be a Freeman intern in that country.

Freeman Interns are responsible for securing their own positions.

Internships with U.S. governmental agencies, on-campus non-research internships, and remote internships are not allowed.

Korean language fluency (reading, writing, or speaking) is required for most internships in Korea.

Internships must be unpaid.

**INTERNSHIP SITES**

Research possible internships and contact organizations prior to leaving the U.S. Below are examples of past UCSB EAP Freeman Scholars' internships.

**China**
- Inkmason (architecture & interior design firm)
- Stepping Stones (educational non-profit)
