**Study:** Earn 21-24 UC quarter units (2-6 classes) per semester. Fully immerse yourself in British culture by attending a host university in England. You will take your classes and live alongside local UK and international students. Internships, research, and independent study are possible at most universities (see table below). The possibility of participating in an **internship** is subject to change depending upon UK immigration and host university policy.

**\*\*Course availability varies by university. Refer to the Academic Offerings Guide at the end of this packet to determine which universities offer certain subjects and any restrictions.\*\***

**When:** (varies by university): Fall semester: mid Sept. to mid Dec. Spring semester: Jan. to late May - late June Year: mid Sept. to late May - late June

**Application Notes:** Rank at least 2 university preferences. Submit the UCEAP English Universities application online before 11:59pm on the deadline; submit the Statement of Purpose and Academic Planning Form only for your first choice university. You will receive instructions to submit a host university application online a couple months after the UCEAP application deadline. If you are not accepted to your first choice university, you will be notified to submit the host university application for your second choice, etc. Final placement is determined by the host university.

**Acceptance to King's College London and University College London are competitive; be sure to research and rank alternatives.**

**Application due dates:** Fall & Year 2021-22 programs: January 12, 2021 Spring 2022 programs: May 4, 2021

GPA's listed below indicate the minimum required cumulative GPA at the time of application and maintained through departure.

## How to Choose a University

- What classes do you need/want to take while you are abroad? Does the university offer classes in that subject during the term you're going?

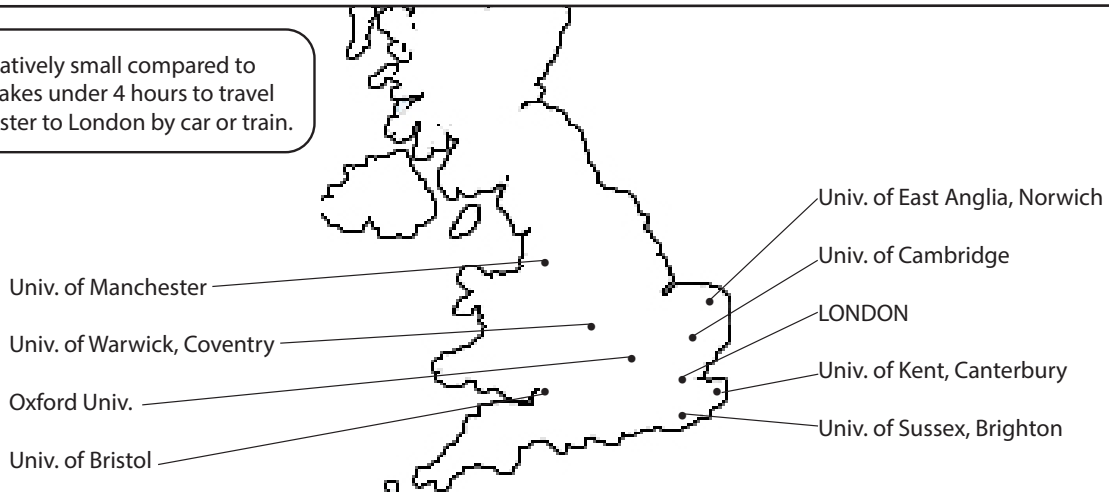

First check the Academic Offerings guide located on the [English Universities website](#), select any university, then Academics, then scroll down to Catalogs and Resources. Then, you may use the historical [Gaucho Credit Abroad database](#) to see what classes past UCSB students took abroad and what degree requirements they counted toward, or the historical [UCEAP Course Catalog](#) to see where past UC students have taken classes in your subject, but the best place to find the full, most current course list is the host university's course catalog, which can be found on the [UCEAP English Universities](#) website by selecting a university and then "Academics".

- Do you want to study in a small or large university? Are you interested in a small or large city?

Students applying to London universities should be independent and prepared to navigate a fast-paced major city. Housing may be far from classes via public transportation. Living costs will be higher than other cities in England. Imperial College, King's College, and University College London do not have centralized campuses. Placement at King's and UCL is competitive. If you still want a big city experience, consider Manchester or Bristol.

- Talk with your UCSB EAP advisor, major advisor, and returnees!

England is relatively small compared to California. It takes under 4 hours to travel from Manchester to London by car or train.

**How Much Will it Really Cost?** If you are not already planning on taking summer classes, summer UCEAP costs will add significantly to your existing yearly academic costs. Please contact the UCSB Financial Aid Office at [FinAidEAP@sa.ucsb.edu](mailto:FinAidEAP@sa.ucsb.edu) to request an estimate of your financial aid on a particular UCEAP program. You can only use whatever financial aid you have left after the academic year for summer programs, whereas if you go abroad during the fall, spring, or year, UCEAP costs substitute the cost of staying at UCSB and your financial aid is guaranteed to travel with you. There are also fewer scholarships available in summer. Please contact your EAP advisor for more information about program costs, scholarships, or how to fit a semester or year abroad into your existing graduation timeline.

## ACADEMIC OFFERINGS (updated Jan 2021)

### *England Programmes*

This is not an exhaustive list of subjects and courses. We recommend you check each host university's Study Abroad module page (linked at the end of this document) to see what is available to you as it changes year to year as well as the UCEAP module catalogue to see what students have taken in the past. There will be some courses that can cover your subject but based in a different department (e.g. women's studies classes in sociology).

UK second-year courses are usually considered "equivalent" to the junior year at a U.S. university. This is important as some host universities have restrictions regarding the level of courses available to study abroad students.

If you are considering referral to University College London it is essential that you read through the below guidance as there are a number of study abroad restrictions.

General subject area restrictions across all host institutions:

- Courses in **science**, **math**, and **engineering** may be limited for Fall-only options. Please check with the individual university if alternative assessment is available.
- Most **law** courses at U.K. host universities are year-long courses only. If you are a semester student and you want to take law courses, you can do so at the University of Manchester, the University of London, Royal Holloway, the University of Sussex, and on a case-by-case basis at the University of Kent.
- There are no courses in **medicine** open to UCEAP students in England.

Please read through to the end of the document for a subject guide and each university's specific offerings.

[Overview table](#)

Below is an overview of subject areas available at each host institution. This list may change as host university policies change. The information below is still subject to the restrictions found later in this guide. Therefore, we strongly recommend you review subject offerings for each university in conjunction with the restrictions for that university.

## Imperial College London

Imperial offers year-long placements only, in the following subjects only:

- Aeronautics
- Bioengineering
- Electrical Engineering
- Chemical Engineering
- Civil Engineering
- Mechanical Engineering
- Computer Science

Access to Year 1 and Year 2 courses depends on your study plan and is determined by the academic advisor at Imperial. Do not plan on taking Year 1 and 2 courses only.

## King's College London (KCL)

King's offers placements for Fall, Spring, and Year-Long programmes.

Students should check the course options and requirements regularly as these change every year. Students taking courses beginning with **4** (introductory) in Music, Maths, and Sciences will need to have previously studied these areas. In order to take courses with a **5** prefix, students will need to have taken 3-4 classes in the subject previously, and for courses with a **6** prefix, they will have had to have taken 6-7.

If applying for courses in the departments of Biosciences, Chemistry, Informatics, Mathematics, Music or Physics, your transcript will be sent to the academic tutor for approval.

You can only take Music classes if you play an instrument and can read music fluently.

Courses are often impacted in the English Department, and international students may not get into popular courses such as Creative Writing even if they are pre-enrolled. You will need to have back-up course choices. Places on modules are not guaranteed for any student due to class size restrictions and are allocated on a first-come, first-served basis. Departments that are usually oversubscribed include English, War Studies, European and International Studies, Political Economy and History.

### **Not Available to UCEAP Students:**

- Global Health Track
- Health and Society Track (Pre-Med)
- Digital Humanities

## **Caveats and restrictions**

**American Studies** – no dedicated department, courses are within the English Literature department.

**Anthropology** – no dedicated department, courses can be taken from Education, Communication & Society; Theology & Religious Studies; and Philosophy, among others. There is no department for Cultural Studies or Sociology.

**Art History** – no dedicated department, courses can be taken in Classics.

**Communication** – Communication Majors tend to have trouble finding relevant courses at KCL, as there is no Journalism or Communication department.

**Computer Science** – called Informatics at KCL

**Film and Media Studies** – only Film.

**Women's/Gender Studies** – no dedicated department or course, but classes can be taken in English, Comparative Literature, French, etc.

**Psychology** - Students wishing to take modules within the Department of Psychology must be FULL-YEAR students, and take either the full suite of Level 4 (first year) or Level 5 (second year) modules, dependent on your prior academic experience. A member of academic staff within Psychology will review your university transcript to assess which level you should study at but typically, students with little or no Psychology background will take Level 4 modules, and students with at least one full year of Psychology on their transcript will take Level 5. At Level 4, students must take 8 compulsory Psychology modules, and at Level 5, must take 6 compulsory Psychology modules, with a free choice of two modules from other faculties and departments across King's.

## University College London (UCL)

UCL offers placements in Fall, Spring, and the full Year. At UCL, students must be based in a home department, where you will take at least 50% of your classes. Home departments:

- Anthropology
- Archaeology
- BASc (Arts and Sciences, similar to Liberal Arts)
- Biology
- Chemistry
- Chemical Engineering
- Civil Engineering
- Earth Sciences
- Economics
- Geography
- History
- Institute of the Americas
- Linguistics
- Management
- Mechanical Engineering
- Natural Sciences
- Political Science
- Physics and Astronomy
- Statistics

For all home departments except BASc, you must have prior experience in the subject (usually it will match up to your major). Apart from your 50% of classes in your home department, you can take classes in a wide range of departments.

[Overview table](#)

## **Caveats and restrictions**

If you wish to take classes in Economics and it is not your home department, and have a GPA below 3.5, you can only take Economics classes listed in the Elective Course Portfolio.

Courses outside of the home departments listed above are not covered by exchange, and so UCL cannot guarantee access to classes in these courses. If you want to take classes outside of your home department, you will need to approach the department you want to take classes in to discuss availability. The Admissions Tutor will decide this on a case-by-case basis.

## Queen Mary University of London

Students can study at Queen Mary in the Fall, Spring, or the full Year. Before arriving in the UK, students must pre-register for classes, and are advised to register for double the amount they need in order to avoid missing classes. Classes can still be added or dropped after term begins. On the module directory page, UCEAP students can take any classes listed as 'available to Associate students'.

### Caveats and restrictions

In general, students cannot take Level 7 classes, as these are for postgraduates. However, some Level 7 classes are available in the schools of Engineering, Computer Science, and Material Science if the prerequisites are met.

**Economics and Finance** - all Level 5 and 6 classes are for Economics/Finance majors only. Students in other majors will be considered if all prerequisites are met. For all Level 4 classes, the equivalent of A-Level Maths is required.

**English** - Level 5 and 6 classes are open to majors in Arts/Social Science/Humanities only.

**Drama** - Level 5 and 6 classes require experience of related subjects at university level. Practice-based classes are reserved for Drama majors only.

**Geography** - some Level 7 classes are available to UCEAP students, decided on a case-by-case basis.

**Physics** - students wishing to take Physics classes must email the Study Abroad office with their AP or IB subjects and marks in Physics and Math.

## Royal Holloway, University of London

Royal Holloway offers placements for Fall, Spring, and the full Year. Students can take classes in up to three different departments. Taking classes in four or more could create scheduling conflicts.

### **Limited classes in**

- Film & Media
- Dramatic Arts/Theater
- English Literature
- As an alternative, you can take courses in the Comparative Literature & Culture department.

### **Caveats and restrictions**

**Women's/Gender Studies** - no dedicated department, but classes can be taken in English Literature, Drama, Comparative Literature, and Classics departments.

**Peace Studies** - no dedicated department, but courses can be taken in the Politics department.

**Chemistry and Biochemistry** - single classes available in the Biosciences department, but not a whole course load.

## University of Bristol

Bristol offers placements for Fall, Spring, and the full Year.

Most first-year courses are available to students of most major subjects. Previous study/knowledge is usually necessary for 2<sup>nd</sup>-year courses and above.

### **Not available to UCEAP students:**

Health Sciences, except Anatomy.

All Postgraduate courses (Level M or D).

### **Caveats and restrictions**

**Biology, Biochemistry, Computer Science, Earth & Space Sciences, Environmental Sciences, Maths, and Physics** - These courses generally only run in Spring and for the Full Year, but Fall assessment is occasionally available. Email [global-opportunities@bristol.ac.uk](mailto:global-opportunities@bristol.ac.uk) to find out.

**EFM** - (Economics, Finance, and Management) courses can be taken by Fall, Spring, or Year students, but some Fall units can only be assessed by an exam, and alternative assessment is not possible.

**Dramatic Arts** - Called 'Theatre' at Bristol. Courses can only be taken by majors in Theatre, Drama, or Film.

**Psychology** - you will usually need to be a Psychology major to take these courses, and to meet with an advisor who will ask about your background. Priority is given to Psychology majors, but those from other areas will also be considered.

## University of East Anglia (UEA)

UEA accepts Fall, Spring, and Year-Long Students.

You are required to take two-thirds of your workload within the faculty in which your school is located. You may take the rest of your classes outside of this faculty.

### Caveats and restrictions

**Material Science** - no dedicated department, but classes can be found in other departments

**Near East Studies** - no dedicated department, but classes can be found in other departments

**Religious Studies** - no dedicated department, but classes can be found in other departments

**Statistics** - no dedicated department, but classes can be found in other departments

**Urban Studies** - no dedicated department, but classes can be found in other departments

**Women's/Gender Studies** - no dedicated department, but classes can be found in other departments

**Psychology** - must be a Psychology major or minor to take these classes.

**History** - to take final year classes (6 prefix), students must be majoring or minoring in History.

**Classes in Literature, Drama, Creative Writing, Education, and language translation** are limited.

## University of Kent

Kent accepts students for Fall, Spring, and the full Year. Some restrictions are in place for certain courses, so students should contact Kent about the availability of specific courses.

Courses in the Arts and Business are highly competitive and tend to fill up early.

All language classes are year-long. Kent does not offer part-year language modules, and students cannot enrol for just one semester.

[Overview table](#)

## University of Manchester

Placement offered for Fall, Spring, and the full Year.

Students should check Manchester's online guidance as this changes regularly, and weblinks provide the most up-to-date information.

### **Not available to UCEAP students:**

- Electrical Engineering
- Dentistry
- Pharmacy
- Medicine
- Midwifery

Level 3 courses are intended primarily for students who have specialised in the subject area for at least two years, and applicants will have to demonstrate an equivalent level of knowledge to be considered for these classes.

### **Classes in the following areas fill up quickly:**

- Economics
- English Literature
- English Language
- Political Science
- History
- Legal Studies (level 3 units) /Pre-law Pathway for US Students:
  - o Application deadline: September entry - June 1<sup>st</sup>  
January entry – November 1<sup>st</sup> (apply as early as possible)

## University of Sussex

Sussex offers placements in Fall, Spring, and the Full Year. Students are generally free to take whichever courses they like, but there are some restrictions, and some majors are called different names.

### **Caveats and Restrictions**

**Business Administration** – Called Business, Management and Marketing at Sussex. Students wishing to take certain classes must have prior experience in the subject.

**Communication** – no Communication department, but classes are available in Media, Film and Communication

**Earth & Space Sciences** – no dedicated department, but classes are available in Geography, Physics, and Astronomy

**Economics** – For some classes, students have to be able to be on campus to sit unseen exams at the end of term. Some classes also are only available to Year students who have prior knowledge of the subject.

**Engineering** – Department is called Engineering & Design.

**English/ Dramatic Arts** – English and Drama are one department at Sussex.

**Film & Media Studies** – called Media, Film, and Communication. Students wishing to take Media Production classes should be aware there are very few spaces, and that there are pre-requisites for level 5 and 6 classes, and students must be taking a major at home that requires Media Production classes to be considered.

**Geography** – Students wishing to take the Southeast England Field class in semester 2 will need to enrol in person.

**International Studies** – no dedicated department, but students can take classes in International Development and International Relations.

[Overview table](#)

**Political Science** – no dedicated department, students can take classes in International Development, International Relations, and Politics.

**Sociology** – students must take both of these classes: Sociology Project and Sociology Research Proposal

**Women's/Gender Studies** – no dedicated department, relevant classes are available in History, Sociology, Politics etc.

## University of Warwick

University of Warwick (Year-long and Fall only)

Availability of departments for Fall-only participants is limited. If you are a Fall-only participant, you have to consult [University of Warwick's Part-Year Module Handbook](#) instead of the MyEAP Course Catalogue before selecting courses as not all courses are offered each term.

Year-long students only:

- Biology
- Chemistry
- Computer Science
- Engineering
- Film and Media Studies
- Law
- Mathematics
- Physics
- Statistics
