

A Study Abroad Guide for Degree-Seeking International Students

Study Abroad with the University of California, Education Abroad Program (UCEAP)!

Himangshu C. (India) second from the left, UCSB EAP Japan

While you have already chosen to pursue your degree abroad, UCEAP can add another layer of international experience to your academic and professional background.

Things to Consider

SPECIAL INSTRUCTIONS

Visa instructions vary by country. It is up to you to research specific visa procedures.

Review the 'Dates and Eligibility' tab of the UCEAP program page to check if your program has any restrictions.

Contact the nearest consulate of your intended host country to determine your visa requirements.

The visa process may require additional documents and longer processing time for non-U.S. citizens. You are responsible for completing this process on your own.

For more information on your U.S. visa and re-entry, please visit the Office of International Students & Scholars (OISS).

What about Non-Resident Fees? Can I apply for scholarships?

Finances

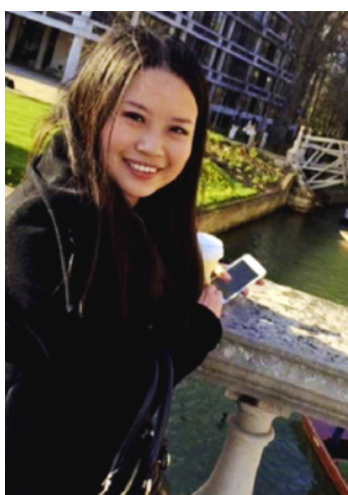

- International students continue to pay non-resident fees in addition to UCEAP fees during fall, spring, and year UCEAP programs.
- Non-resident fees are NOT applied to summer UCEAP programs.**
- International students are eligible for the [UCEAP scholarships](#) and [UCSB EAP Scholarships](#).

Jiawen Q. (China) in England

Student Voices

"Studying in London is definitely one of the greatest experiences I have had as a Gaucho. I am always willing to live in a different environment and meet new people. UCEAP provided me with an opportunity to study at a world-class institution and to live in a dynamic city. At the same time, I had the opportunity to travel around Europe, and had a great time exploring London with other UCEAP students. I learned how to adapt to a new environment. More importantly, I saw and discovered more of the world."

Le L. (China), UCSB EAP UK-England

"Study abroad while studying abroad was one of my biggest adventures during my time at UCSB. The experience was extremely rewarding. I got to take interesting classes, learn about the local cultures and traditions, and meet amazing individuals who blessed me with much kindness and love. I found a community with the UCEAP students and the UWI Volleyball Club players. I consider them family. Studying abroad was a challenge, a challenge that pushed me beyond my comfort zone, a challenge that made me become more appreciative of life, and a challenge that helped me grow in mind and in heart."

Jessie O. (Malaysia), UCSB EAP Barbados

(Regarding her summer internship in Hong Kong)

"Even though there were some challenges, I've improved a lot through this internship. I became more flexible and open-minded by interacting with my supervisor and my co-workers. In addition, I could get a lot of new information about my field by asking questions to my supervisor. She told me that don't be afraid to share my knowledge, information and connection to people because everything I shared will eventually come back to me. This internship experience will definitely be my first step of my future career goal."

Minchae K. (Korea), UCSB EAP Hong Kong
