

Study Chemistry at the University of Edinburgh, Scotland

Junior Year Academic Plan for Chemistry/Biochemistry Majors

Scotland's capital, Edinburgh (population 500,000), is a lively and easily navigable city, with a large university student population that brings a youthful buzz to daily life. The city architecture encompasses both the old and the new with its famous 12th century Edinburgh castle at one end of the Royal Mile and the modern Scottish Parliament building at the other end, overlooking the Queen's Palace. Over half of the city is covered by public gardens and parkland, making it a perfect place for outdoor enthusiasts. From museums and art galleries to a great clubbing and music scene, Edinburgh has something for everyone. It is also world renowned for its excellence in science, and is the ideal location for Chemistry students to study abroad.

Pre-approved courses*

UCSB Equivalent	Course	Language of Instruction	Semester Offered (subject to change each year, check university website)
Chem 112A Biophysical Chemistry	CHEM10014 Biophysical Chemistry Level 10	English	Semester 2
Chem 112A/113A Biophysical/Physical Chemistry	CHPH09007 Chemical Physics 3S1	English	Semester 1
Chem 113B-C Physical Chemistry	CHPH09006 Chemical Physics 3S2	English	Semester 2
Chem 116BL Advanced Physical Chemistry Lab	CHPH09005 CP3 Physical Chemistry Laboratory	English	Full Year
Chem 123 Environmental Chemistry	CHEM10048 Environmental Chemistry	English	Semester 1
Chem 142A Biochemistry	BILG09015 Structures and Functions of Proteins 3	English	Semester 1
Chem 150 Analytical Chemistry	CHEM10012 Analytical Chemistry	English	Semester 2

*Does not guarantee future course offerings

Course Catalog

If you wish to take upper division Chemistry courses that are not listed above, please search the [Edinburgh Course Catalog](#) for a list of courses. Once you have identified a course(s), please obtain a detailed syllabus (textbook information, topics reviewed, lab schedule) and fill out the following google form: <https://goo.gl/forms/X8PKAWFtp7cCrTC22>.

Please note that the courses marked "SS" are not available for visiting students. For courses that are yearlong, examinations will be conducted at the end of the academic year. Therefore, if you plan to only study abroad during the Fall semester, you must enroll in the version of the course marked "VV" in order to avail of early-exit exams.
