ICU
**Distance to center of Tokyo:** Approx. 1 hr, bus and train
International Christian University (ICU) is a small liberal arts college with a spacious and peaceful campus located in Mitaka, a western suburb of Tokyo. Just over an hour by bus and train to downtown, and a five-minute bike ride or ten-minute walk to local shops, restaurants and supermarkets, life in Tokyo is available to explore.

Hitotsubashi
**Distance to center of Tokyo:** Approx. 45 minutes by train
The Tokyo suburb of Kunitachi has a classical "Ivy League" ambience of brick buildings and mature trees. It is a five to eight-minute walk from the train station along a spacious divided street with outdoor restaurants and, although in Tokyo, has a more relaxed atmosphere than elsewhere in Tokyo.

University of Tokyo
University of Tokyo has 5 different campuses. UC students take courses at Hongo campus located in Bunkyo, Tokyo. You can explore traditional Japanese culture in addition to having a metropolitan experience.

Waseda
Waseda University is located in the center of Tokyo, in the northern part of Shinjuku. The nearest train station is Waseda, although Waseda is generally associated with Takadanobaba on the Yamanote Line. There are many restaurants and bars for students in Takadanobaba area. You can enjoy the busiest town Shinjuku in 5 minutes by train. The campus has an urban vibe to it and you can feel the energy of the city when you are there.

Keio
Keio University is located in the Minato ward of central Tokyo. UCEAP students take classes on the Mita campus. The campus is in the middle of downtown, but you don't have much of a downtown feeling once you are on campus. Minato (meaning "port") is located southwest of the Imperial Palace and has boundaries with Chiyoda, Chuo, Odaiba, Shinagawa, Shibuya, and Shinjuku. Tokyo Tower is in walking distance.

Meiji Gakuin University
**Distance to center of Tokyo:** Approx. 1.5 hr by train
UCEAP is hosted at MGU by the Departments of International Studies and of Global and Transcultural Studies. EAP students take classes at Meiji Gakuin's small, inviting Yokohama campus, located on a hilltop in a residential area of the greater Tokyo metropolitan area. The dorm is located 10 minutes from the Totsuka train station.

Other Universities

Doshisha
**Distance to center of Tokyo:** Approx. 3 hrs by bullet train
UC students take courses on Doshisha's beautiful main campus, Imadegawa, which is situated close to the Kyoto Imperial Palace. The facilities at Doshisha are very comfortable for UC students, and its location in downtown Kyoto is ideal. It is located right across the street from the Kyoto Imperial Palace and there is a subway stop under the campus which students can access from the main student center. Kyoto has a suburban feel to it so students nervous being in a big city shouldn't be overwhelmed while at the same time they have many big city offerings nearby. As the ancient capital of Japan, there are many temples and shrines and students get a more traditional experience than if they were in Tokyo or Osaka.

Osaka
**Distance to center of Tokyo:** Approx. 3 hr by bullet train
Osaka University's three campuses lie in the heart of the Kansai area, close to Kyoto and Nara. Along with a small downtown campus, Osaka University has a large campus in Suita, a northern suburb where engineering students study, and a smaller campus near the Osaka International Airport in Toyonaka, where the majority of EAP students study.

Tohoku
**Distance to center of Tokyo:** Approx. 2 hr by bullet train
Tohoku University is located in Sendai, a city of one million in the scenic northern part of Honshu and renowned for its natural beauty, facing the Pacific Ocean on the east with mountains to the west. Sendai is known as the "city of green" and is the cultural, commercial, and transportation center of the region of Tohoku, just a two-hour bullet-train ride from Tokyo.
